Carol Flannigan -- RedBook
Angie West -- Medi-Span

Dear Carol and Angie:

Please see the attached letter and place in your database as needed.

I explained to everyone when I sent the gold sheets for Prelu-2, that the product would continue to ship under Boehringer's NDC number, until stock was depleted. Everyone told me that it was okay, Prelu-2 would appear under Roxane, as well as, Boehringer, obviously that was a misconception. I assume the information on the gold sheet for Prelu-2, dated and faxed JANUARY 3, 1996, from Roxane was never entered into your systems, what would you do with that information?

I believe the attached information should make a clear adjustment for this product. Let me know if your books required something different. I need to get this straightened out.

Thank you.
